

# KITO LX SERIES LEVER HOISTS

## Applications

- ✔ Used in fabrication, construction, engineering, manufacturing, general maintenance, power transmission
- ✔ Ideal for lifting, lowering, tensioning, straining, positioning of loads

## Features

- ✔ Lightweight for easy portability.
- ✔ LX003 comes complete with belt bag.
- ✔ Complementing the Lever Hoist range are the lightweight LX003 and LX005 models.
- ✔ Compact and portable these 250kg and 500kg capacity units are an ideal lever hoist for lifting, lowering or positioning of loads and can be carried or stored in your toolbox.
- ✔ Single-step reduction gear, requires manual fastening force and assured load holding.
- ✔ Reliable load fastening can be provided to the last click of the lever.
- ✔ Fasteners are designed to protect threads from damage making maintenance easier.
- ✔ Nickel plated chain.
- ✔ The hook latch is highly resistant to deformation and damage.

Compact and light. KITO LX Series Lever Hoists are easy to carry and easy to use, even in tight quarters or in elevated work locations.

**Capacity:** 250 – 500kg

# LX Series Lever Hoists
