E-class number: 40-02-01-90

Customs no.: 63079098

Data sheet

STAND UP

This flexible loop ascender can be particularly well adjusted to the size of the user, especially for very large people. The second hand, which is not operating a rope clamp like the GET-UP during ascent, fits perfectly in the integrated handle. With the very large ascender foot opening, feet find solid hold quickly and safely. It can also be used for lifting persons.

- Flexible adjustment options
- Integrated handle allows two-handed ascent
- Large foot loop opening

DIMENSIONS

Size: 1,7m

Weight: 0,2 kg

MATERIAL

Material: Polyamide, Aluminium
