# TOOL CATCH

TOOL CONNECTOR -  SOLID

ANSI/ISEA 121-2018 COMPLIANT

GRIPPS.COM.AU

@GRIPPSGLOBAL

## KEY FEATURES

Available in two sizes

Tactical nylon for maximum strength

Easy installation process that can be done on-site

Fully certified and load rated when used with V-Gripp Tape

Closed metal ring to prevent warping with use

## INSTALLATION INSTRUCTIONS

Cut a length of V-Gripp Tape approximately 30cm (or enough to go around the tool 10 times).

Position the Tool Catch on the tool.

Apply V-Gripp Tape, pulling it tight and without covering the 'Ring' on the Tool Catch.
