# BUNGEE TETHER DUAL-ACTION

TOOL TETHER

**CODE : H01073**

**ANSI/ISEA 121-2018 COMPLIANT**

Lightweight and built to last, the Bungee Tether Dual-Action is as reliable as it is functional.

One of our most popular pieces of kit across all industries, the Bungee Tether Dual-Action features a dual-lock carabiner and elasticised webbing made from heavy-duty polyester.

The elastic properties of this durable material absorb downward force from a dropped tool, stabilising the user while protecting against bounce-back.

An extension range of 42cm/16" means the Bungee Tether Dual-Action is as compact as possible until required for use.
